

What does the Black and White Church in Denton mean to you?

- ? A nice looking historical building
- ? Somewhere for baptisms, weddings and funerals
- ? Thought it was an unused building
- ? Looks derelict
- ? Never been inside
- ? What has it got to offer to me
- ? It's my Church

This building is the home of **St Lawrence Denton Church**. People worship here every week and there are a growing number of events, groups and activities that you could be part of.

The building, on the corner of Stockport Road and Town Lane, dates from 1531 and has been a place of worship for 480 years. We are proud of the buildings heritage but we would like it to have an even more significant future.

How would you feel if the building was no longer available?

We need your help to make this building more suitable for community use as well as for regular worship.

We plan to renovate the interior of the Church, levelling the floor and replacing the heating system. We are also planning a new community space along with a toilet and refreshment facilities.

- ? How would you like to use this space
- ? Do you have a group that needs a meeting place
- ? Are there services or activities that you would like to be provided within the Denton area

Why not pay us a visit and find out how we can be a community together.

A regular monthly donation from you could make this plan a reality.

Please complete the standing order form and support the development of this new community resource
