

# ***“Experience Harvest”***

## ***St Lawrence Church Denton***

**Monday 3<sup>rd</sup> October to Sunday 9<sup>th</sup> October**

Experience Harvest will take you on a journey of discovery around the inside of St. Lawrence Church Denton.

At each interactive station, one of our church members will help you discover more about how the natural world provides rich harvests for everyone to enjoy.

- You will see the harvest of fruit and vegetables from gardens;
- Find out about those who risk great danger to harvest fish from the oceans;
- Feel the wool from newly sheared sheep;
- See the pottery made from the earth;
- Discover how grain from ears of wheat is used to make our harvest loaf;
- It's a hands-on experience; a feast for all your senses!

We will also learn about producing spiritual fruit, like **humility, generosity, patience, joy and peace**, and there will be an opportunity to say ‘thank you’ to God for his **love** shown to us through the harvest.

Our two local primary schools will be visiting during the weekdays to learn more of Gods harvest and to donate their harvest gifts.

On **Sunday, 9th October at 10:45 am** we will gather for our Experience Harvest Festival in church. Come along and join the Harvest.

The harvest experience is open daily from  
**10am to 4pm** with refreshments available.
